

## Quality Circle Time for the classroom

1. Sitting in a circle and enabling participation by every student to give opinion on the topic under discussion.
2. Making a common agenda on the basis of the outcome.
3. Can be used instead of / besides the teacher creating Rules for the class.
4. This can also be used to set collective goals of the class group for an academic year e.g. benchmark in sports, arts, academics, school / section wise achievement, interschool competitions, setting cleanliness standard, creating environmental awareness, behaviour goals, participation in community work, extending academic support to a child in need..... in fact even methods to be adopted to check late home work submission, unacceptable behaviour inside and outside the classroom,
5. Can be signed by all and pinned up in the class room.
6. Awarding / recognizing achievements through a star in the report card, announcement in the assembly session, in the classroom, in parent teacher conference etc.
